

# BEACONS OF INDEPENDENCE NEVER FADE.

Refuse to blend in with the scenery. The new Harley-Davidson® Luminator 360° Leather Jacket has exclusive 3M™ Scotchlite™ Reflective Material piping and graphics to keep you visible from nearly every angle up to 500 feet away in clear low-light or nighttime riding conditions. It's safe to say that voice inside you won't be silenced by the setting sun. See it at your local Harley® dealer or visit [harley-davidson.com/360](http://harley-davidson.com/360)
